

ENTERPRISE TRANSFORMATION WITH GOOGLE WORKSPACE

Empower your teams with tools engineered for the global, mobile, and hybrid workforce

As hybrid teams become more prevalent, cloud-based collaboration solutions will continue to gain traction in the workplace. Meanwhile, generative AI and hyper-automation will expand the scope of employee productivity, fostering new efficiencies and driving down costs. Teams will need cross-application integrations and workflows to access data and applications from various sources and devices, securely and seamlessly.

SADA's **Enterprise Transformation** solution is engineered to help you empower your workplace with next-generation tools that encourage collaboration and give your teams what they need to achieve their most ambitious goals.

What to expect?

SADA offers a range of services that can inform and support your organization's Enterprise Transformation journey, starting with establishing a solid Google Workspace foundation. Depending on your unique business needs and regulatory environment, custom solutions, best-of-breed third-party applications, and post-deployment support are all part of the conversation.

/ Analysis, readiness + planning

Your Workspace strategy is built around your top priorities, based on our deep, multi-stakeholder analysis, and includes support to ensure consistent operations.

/ Adoption & change management

Seamlessly get your teams up and running with custom training and resources for maximum buy-in.

/ Migration & implementation

Move mail, contacts, and calendar with change management support so that your team is ready from day one.

/ Integrated applications with Google-native technologies

Keep your business moving and take advantage of new technologies like AppSheet, designed to empower your teams while developers build and extend applications without coding.

/ Security

Stay current and ahead of the curve with zero trust, identity and access management, cloud security platform management, and more.

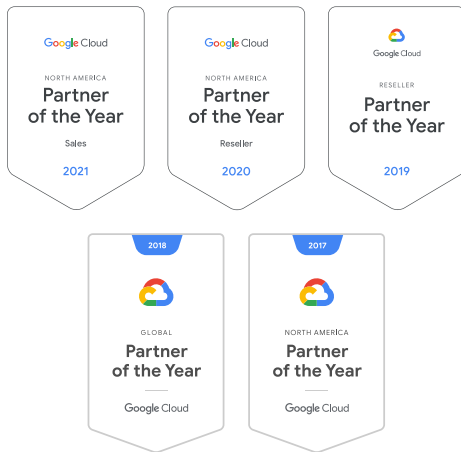

/ Managed services + support

Get 24x7 access to support engineers, Google escalation paths, deep account planning, and business reviews.

Get the most from Google Workspace with SADA

- / Comprehensive **professional services** offerings for workplace implementation, change management, and support

Partner with the best

At SADA, we climb every mountain, clear every hurdle, and turn the improbable into possible – over and over again. Simply put, we propel your organization forward. It's not enough to migrate to the cloud, it's what you do once you're there. Accelerating application development. Advancing productivity and collaboration. Using your data as a competitive edge. When it comes to Google Cloud, we're not an add-on, we're a must-have, driving the business performance of our clients with its power. Beyond our expertise and experience, what sets us apart is our people. It's the spirit that carried us from scrappy origins as one of the Google Cloud launch partners to an award-winning global partner year after year. With a client list that spans healthcare, media and entertainment, retail, manufacturing, public sector and digital natives – we simply get the job done, every step of the way.

“It's a great feeling to continually innovate and transform what we do to better meet the needs of our employees and patients. The partnership with Google Workspace and SADA makes processes a lot smoother and more intuitive, which means greater productivity and effectiveness across our organization. We're saving time and creating a stronger future for our patients and our organization.”
