

POWERON

POWERON GCP Cloud Foundation

Build with SADA and accelerate time to value

Adopting Google Cloud Platform (GCP) with SADA's **POWERON** GCP services gives you proven cloud expertise tailored to your specific business needs. SADA's expert team of Solutions Architects, Cloud Engineers, and Project Managers will put you on the right path that meets your unique technical requirements.

We'll set you up for success by building a **deployment-ready landing zone** running on GCP which includes configuration of the following:

- / Resource management
- / Identity and access management (IAM)
- / Networking
- / Billing management
- / Logging and monitoring

SADA has successfully implemented initial GCP configurations for leading businesses of all sizes in a broad range of industries. Our dedicated team of experts will apply their best practices to achieve your business goals, reducing risk and accelerating time to value. Enjoy the peace of mind that comes along with seamless execution, predictable results, and cost certainty.

Transformation in 6 weeks

POWERON GCP consists of four milestones over a 6-week engagement:

Milestone 1: Discovery

Your current environment, architecture, and technical requirements will be evaluated

Milestone 2: Implementation

All components of the GCP landing zone for workload deployments will be built

Milestone 3: Validation

SADA will provide you with your landing zone demo, and your team will perform User Acceptance Testing (UAT)

Milestone 4: Project handoff

You'll receive comprehensive training, and SADA will execute a full documentation handoff

Key deliverables

- / Production-ready environment
- / Personalized, hands-on training
- / Technical design document
- / GCP architecture diagram
- / Infrastructure-as-code (IaC) templates

“I can count on one hand how many times I’ve completed an engagement where I felt like going out of my way to work with a vendor. SADA has been added to my list of those vendors. The team—from sales to engineering, through advisory, and project management—were honest, managed my expectations very well, lived up to their commitments, and delivered a solution that represents the next generation of our platform.”

Jason Lancaster

Partner with the best

At SADA, we climb every mountain, clear every hurdle, and turn the improbable into possible – over and over again. Simply put, we propel your organization forward.

It’s not enough to migrate to the cloud, it’s what you do once you’re there. Accelerating application development. Advancing productivity and collaboration. Using your data as a competitive edge. When it comes to Google Cloud, we’re not an add-on, we’re a must-have, driving the business performance of our clients with its power.

Beyond our expertise and experience, what sets us apart is our people. It’s the spirit that carried us from scrappy origins as one of the Google Cloud launch partners to an award-winning global partner year after year. With a client list that spans healthcare, media and entertainment, retail, manufacturing, public sector and digital natives – we simply get the job done, every step of the way.
