

POWERON itopia

Modernize with flexible, containerized environments that let you code from anywhere

Hybrid work environments mean developers require a secure way to code regardless of location. SADA's **POWERON itopia** empowers businesses running on Google Cloud with developer tools specifically designed for remote workforces. Now you can deliver applications and Integrated Development Environments (IDEs) through an Internet browser, and code from anywhere in powerful containerized spaces. Backed by SADA's expert Google Cloud teams and itopia's pioneering hybrid work solutions, **POWERON itopia** positions developers to raise the bar, wherever they are.

How does POWERON itopia work?

POWERON itopia is a fully-managed service that enables distributed software development teams to code securely in Google Cloud. It offers:

- / Secure, serverless platform for developers to code in containerized spaces
- / Ready-to-deploy development stacks and unique image management capabilities

Immediate benefits

Enhanced developer experience

- Deliver everything in one centralized space
- Simplifies working with containers
- Built-in security and availability
- Available from anywhere, on any device
- Seamless coding experience

Improve developer productivity

- Runs in a browser
- Faster and more stable than a local machine
- Instantly access multiple environments, versions, and tools
- Supports any IDE, app, or developer tool on Linux
- Easy to update, maintain, and access IDE versions
- Highly-available cloud environment and codebase

Partner with the best

At SADA, we climb every mountain, clear every hurdle, and turn the improbable into possible – over and over again. Simply put, we propel your organization forward.

It's not enough to migrate to the cloud, it's what you do once you're there. Accelerating application development. Advancing productivity and collaboration. Using your data as a competitive edge. When it comes to Google Cloud, we're not an add-on, we're a must-have, driving the business performance of our clients with its power.

Beyond our expertise and experience, what sets us apart is our people. It's the spirit that carried us from scrappy origins as one of the Google Cloud launch partners to an award-winning global partner year after year. With a client list that spans healthcare, media and entertainment, retail, manufacturing, public sector and digital natives – we simply get the job done, every step of the way.

“itopia and SADA share a mission to revolutionize how people work, leveraging the power of Google Cloud. itopia’s cloud orchestration and automation solutions deliver cloud workspaces that enable people to work, learn, and code securely and productively from anywhere. Together with SADA’s portfolio of innovative solutions for cloud workloads, we give our customers access to transformative technologies without the need to be experts in managing them. It’s a great partnership centered around delivering tangible value to our customers.”
