LumApps' robust and intuitive features are built to streamline your daily business processes.

Communicate and inform
Branded and relevant communications features include: a style designer, content profiling, rich content, multilingual support, newsletters, ghostwriting, scheduling, approval workflows, surveys and two-way communications (like and comment).

Enhance productivity
Minimize work friction with a single sign-on via Google Workspace, global search, integrated Google Cloud Search and an employee dashboard with personalized access to email, calendar, documents and business apps based on user profile.

Foster networking and collaboration
Connect instantly and reach out to colleagues by email or chat, display key documents within communities and find the right people quickly by leveraging employee directories, activity feeds, social profiles, communities, notifications and more.

Connect anywhere
- Accessible on any device thanks to a responsive design and two mobile intranet apps on iOS and Android.
- A mobile app built for frontline workers also enables enterprises to connect everyone in the company.

Organize and manage
- Fast deployment and smooth upgrades thanks to a cloud-based platform.
- User management with single sign-on, groups and flexible governance.
- Measurement with LumApps Analytics, Google Analytics, Google Tag Manager and Google Data Studio.
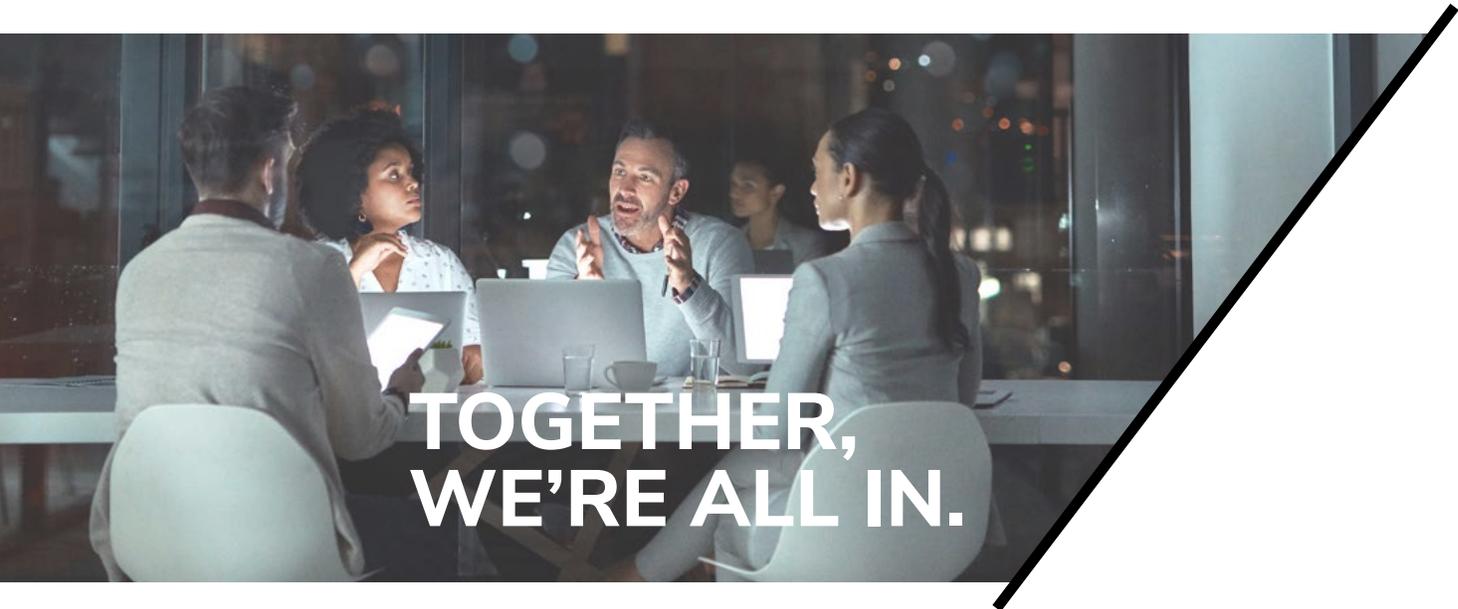

SADA

Partner with the best

At SADA, we climb every mountain, clear every hurdle, and turn the improbable into possible – over and over again. Simply put, we propel your organization forward.

It's not enough to migrate to the cloud, it's about what you do once you're there. Accelerating application development. Advancing productivity and collaboration. Using your data as a competitive edge. When it comes to Google Cloud, we're not an add-on, we're a must-have, driving the business performance of our clients with its power.

Beyond our expertise and experience, what sets us apart is our people. It's the spirit that carried us from scrappy origins as one of the Google Cloud launch partners to an award-winning global partner year after year. With a client list that spans healthcare, media and entertainment, retail, manufacturing, public sector and digital natives – we simply get the job done, every step of the way.

Your challenges are ours. We're ready. Let's go.

TOGETHER, WE'RE ALL IN.

"We partnered with SADA when we were moving to Google Cloud because this was going to be new for us. Taking 28,000 plus people in one company from that legacy platform looked like a daunting task for us. I couldn't have expected anything better in terms of our transition."
